

Preparation Certified in the Governance of Enterprise IT

The CGEIT Exam Preparation course is an intensive, four-day review program to prepare individuals who are planning to sit for the Certified in the Governance of Enterprise IT (CGEIT) exam.

The course focuses on the key points covered in the CGEIT Review Manual 7th Edition and includes class lectures, group discussions/activities, exam practice and answer debriefs. The course is intended for individuals with familiarity with and experience in the governance of enterprise IT.

This course is provided in partnership with Sapience Consulting Pte. Ltd.

Objectives

Participants in the CGEIT Exam Preparation course will be provided instruction designed to provide the following:

- An understanding of the format and structure of the CGEIT certification exam.
 - A knowledge of the various topics and technical areas covered by the exam.
 - Practice with specific strategies, tips and techniques for taking and passing the exam
 - Opportunities to execute practice questions with debriefs of answers
- 

Content

The CGEIT Exam Preparation Course comprises six primary sections, covering the following topics:

- General Examination Information
- Framework for the governance of enterprise IT Strategic management
- Benefits realization
- Risk optimization
- Resource optimization
- Examination Practice

Audience

Individuals who are seeking the credibility to discuss critical issues around governance and strategic alignment based on recognized skills, knowledge and business experience.

Prerequisites

There are no prerequisite requirements for taking the CGEIT Exam Preparation Course or the CGEIT exam; however, in order to apply for CGEIT certification, the candidate must meet the necessary experience requirements determined by ISACA.

There are no pre-course reading materials needed for this course although candidates are encouraged to have the ISACA CGEIT Review Manual available
